**W. Klein Rd. Temporarily Closed to Through Traffic**

**New Braunfels, TX** – The City of New Braunfels has announced that a segment of W. Klein Rd., from Roadrunner Avenue to Dove Crossing Drive, will be closed to through traffic to allow for emergency repairs to the low water crossing culvert located there. Detour signs and an electronic message board will be in place, directing motorists to use County Line Road and S. Walnut Avenue to access certain residential streets in the area as an alternate to FM 725.

While already scheduled for repair, work on the culvert was accelerated due to recent heavy rainfall events, necessitating immediate action and the temporary road closure. Replacement of the culvert and road section will take approximately ten days, weather and other factors permitting.

For additional information, contact Street and Drainage Manager John Cox, at (830) 221-4030.
