## **Groundbreaking Set for Middle School Athletic Field Improvements Project**

**New Braunfels, Texas** — The New Braunfels Economic Development Corporation (NBEDC) has partnered with New Braunfels Independent School District (NBISD) to improve two NBISD athletic fields to expand recreation opportunities in our community. This project will allow the local soccer associations' additional space for soccer practice and games. It would also provide expanded opportunities for other growing local sports such as lacrosse.

The public is invited to the groundbreaking ceremony for this project, which will be held on Wednesday, April 25th, at 10:00 a.m. at New Braunfels Middle School, 4150 Klein Meadows.

At their February 2018 meeting, the NBEDC authorized up to \$2.5M to the City of New Braunfels for the installation of artificial turf and lighting to the sports fields at Oak Run Middle School and New Braunfels Middle School.

Construction of this approximately four-month long project is expected to be complete, and the fields available for public use, by the beginning of the 2018-19 school year.
