Ribbon Cutting Set for NBISD Middle School Athletic Fields Improvement Project

New Braunfels, Texas — The New Braunfels Economic Development Corporation (NBEDC) partnered with New Braunfels Independent School District (NBISD) to improve two NBISD athletic fields in order to expand recreation opportunities in our community. This completed project will allow the local soccer associations' additional space for soccer practice and games. It will also provide expanded opportunities for other growing local sports such as lacrosse, and flag football.

The public is invited to the ribbon cutting ceremony for this project, which will be held on Wednesday, September 12th at 6:00 p.m. at the Oak Run Middle School Field, 415 Oak Run Point in New Braunfels. The ceremony will take place just before the New Braunfels Middle School/Oak Run Middle School football scrimmage.

At their February 2018 meeting, the NBEDC authorized up to \$2.5M to the City of New Braunfels for the installation of artificial turf and lighting to the sports fields at Oak Run Middle School and New Braunfels Middle School.

Construction of this approximately four-month long project is complete, and the fields will be available for use during the 2018-19 school year.
