Long Term Detour on Live Oak Avenue

New Braunfels, Texas – The City of New Braunfels has announced a road closure and detour on Live Oak Avenue. Live Oak Avenue will be closed to through traffic, between Katy Street to Landa Street, beginning the week of March 4th and extending through the completion of the project, which is anticipated in early 2020. Local traffic access will be maintained through the use of detours.

This temporary closure is necessary for the installation of storm water improvements near Katy Street and the Union Pacific Railroad railway, and the construction of a new bridge at the Dry Comal Creek. This project is part of the City's 2013 Bond Program.

Work is expected to be completed in the timeframe noted, pending weather and other factors.
