Landa Park Golf Course at Comal Springs Releases New App

New Braunfels, TX - Landa Park Golf Course at Comal Springs is pleased to announce the release of its new app, available for download on all iPhone and Android devices. This feature includes a GPS enabled yardage guide, 3D flyovers, live scoring and much more. Golf course staff worked closely with Best Approach Publications to develop this free application.

“We are very happy with the app and the features it offers,” said PGA Golf Professional and General Manager for Landa Park Golf Course at Comal Springs, Chad Donegan. “We look forward to our patrons downloading the app and using it both on and off the course.”

The app features course information, upcoming events, photos, menu options from Pavlock’s Fairway Grill, and inventory from the Pro Shop.

To learn more information, or to download the Landa Park Golf Course App, visit our website at <http://landaparkgolfcourse.com/theres-app/> or contact course staff at 830.221.4340.
