UPDATE: Comal River Re-Opening - Monday

New Braunfels, Texas — Debris removal from the Comal River in New Braunfels has progressed nicely, and river flows have returned to normal levels, so therefore the decision has been made to re-open the Comal River to recreation effective immediately. Please be advised that there may still be unseen debris below the surface of the water and those using the river should always use caution on natural waterways, to include using life jackets.

Authority: David Ferguson – NBPD Communications Coordinator
