Sales Tax Collected for June

New Braunfels, Texas — The City of New Braunfels has announced an overall increase of 8.53% in sales taxes received in August (for the month of June) compared to the same month last year. Current period sales (without adjustments made by the State for various reasons including future period collections) are up 4.04%.

"As expected, due to the impact by state legislation that changed point of sales tax allocations from distribution centers, we are still down slightly - by 1.0% - in the fiscal year-to-date for the same nine month period last year," said Martie Simpson, Director of Finance. "However, we are very encouraged to see an increase of this size for the month of June," said Martie Simpson, Director of Finance.
