Landa Park Drive Improvements Beginning

New Braunfels, TX – The City of New Braunfels has announced that Landa Park Drive will be under construction beginning Wednesday, December 9th.

The scope of work includes: removal and replacement of curb sections, ADA ramps, concrete riprap, sidewalks, and removal and resurfacing of the asphalt pavement.

Traffic will be reduced to one lane with flaggers during the mill and overlay portion of the project and there will be intermittent lane closures during the concrete work portion. Construction is expected to last approximately six weeks and motorists should expect to experience delays in the area.

The resurfacing of Landa Park Drive is part of the 2013 Bond Program Citywide Street Improvements project. Work is expected to be completed within the indicated times, weather and other factors permitting. For additional information, please contact Joshua Niles, Capital Project Specialist, at 830-837-2848.
