Post Road Water and Road Improvements Project Scheduled

New Braunfels, TX – The City of New Braunfels has announced that Post Road, from Gruene Road to IH 35 Frontage, will be under construction starting Wednesday February 14th and ending the week of August 12th, weather and other factors permitting.

Beginning February 14th, one way lane closures will be placed from Gruene Road to IH 35 Frontage. There will be one-way traffic for the duration of the project, facilitated by shifting of traffic lanes.

The project is a joint bid venture with NBU and includes new water main installation along one side of the roadway, excavation of existing roadway to subgrade, lime treatment, new culvert between Sagebrook Drive and Richter Lane, new base, and overlay. Access to businesses and residences will be maintained throughout the project. Additionally, in coordination with this project, the Development at Heather Glen will be tying in to the new water main and existing sewer lines.

The rehabilitation of Post Road is part of the 2013 Bond Program Citywide Street Improvements project.

For additional information contact Capital Project Specialist Joshua Niles at 830-221-4638.
