**Public Works Facility Community Meeting/Open House**

**New Braunfels, Texas** — The City of New Braunfels is inviting the public to take part in a community meeting/open house about the possible development of a Public Works Facility. The come-and-go meeting will be held on Thursday, September 13th, from 6:00 p.m. to 8:00 p.m., at City Hall, 550 Landa Street, New Braunfels TX, 78130.

Earlier this year, City Council approved the acquisition of preliminary engineering reports for potential 2019 Bond Program projects, including a Public Works Facility.

The preliminary engineering contract for this potential project been awarded to SBV Architects. Their report will assist City Council in identifying project feasibility for the proposed 2019 Bond Program. This open house will give the public an opportunity to review the scope of the proposed project and provide their comments.

The event is one in a series, over the next few months, in which the public is invited to take part in the development of street, drainage, park, public safety, library and other municipal facility projects as part of the proposed 2019 Bond Program. These meetings will occur at various locations and will be announced by the local media, on [www.facebook.com/CityofNewBraunfels](https://www.facebook.com/CityofNewBraunfels) and [www.nbtexas.org](http://www.nbtexas.org).

For details on the proposed 2019 Bond Program projects visit, [www.nbtexas.org/Bond2019](http://www.nbtexas.org/Bond2019).
