Library to Open at 1 p.m. on October 31st

New Braunfels, TX — The New Braunfels Public Library will be opening to the public at 1 p.m. on Thursday, October 31st.

That morning, library staff will be working with staff from Envisionware, the company supplying the RFID technology, to train on the final portion of the library's RFID project. This portion of the project will enable patrons to self-checkout materials using RFID, as well as pay fines for items at any self-service station.

Storytime and other programming at the Westside Community Center that day will remain unaffected.

For more information about the library's RFID project, call the library at 830-221-4300.
