Appendix A: Sample Completed TIA Worksheet	5

Overview

A completed traffic impact analysis (TIA) worksheet is a requirement for zoning, master plan, plat and permit as specified in the City of New Braunfels Code of Ordinances, Sections 144-99 and 118-46. This guide describes each section of the current TIA worksheet accepted by the city. The intent of the TIA worksheet is to assist the owner and city staff in reviewing traffic impacts and determining conformance with previously approved TIA.

A sample completed TIA worksheet is provided in Appendix A for reference.

Instructions for TIA Worksheet

Section 1: General Information

Complete this section with general information about the project, owner, and preparer.

- **Project Name:** Include the specific subdivision unit or phase number for the application, if applicable.
- **Date:** Provide the date of the TIA worksheet preparation.
- **Subdivision Plat Name:** Provide the legal subdivision plat name.
- **Project Address/Location:** Provide the specific address or intersection location.
- **Owner Name, Address, Email, and Phone Number**
- **Preparer Company, Name, Address, Email, and Phone Number**
- **TIA Scoping Meeting:** A TIA scoping meeting is required for all TIA Reports as the ordinance specifies the *minimum* requirements. List the date of the meeting.
- **TIA Worksheet/Report approved with previous zoning, plan, plat or permit?:** If No, Page 1 is required for a project and a blank Page 2 does not need to be submitted. If yes, Pages 1 and 2 are required to be submitted.
- **Application Type or Reason for a TIA Worksheet/Report**
- **TIA Submittal Type:** Select what is being submitted for the application.

Section 2: Proposed Land Use and Trip Information for Application

Complete this section with information about the project that is being submitted using the data in the *Institute of Transportation Engineers (ITE) Trip Generation Manual, 10th* or most recent edition.

- **Unit:** Provide the subdivision unit or phase number for the application, if applicable.
- **Land Use, ITE Code, ITE Unit:** These values are from the *ITE Trip Generation Manual, 10th* or most recent edition.
- **Estimated Project Units:** This is the value used to calculate the peak hour and daily trips from the information in the *ITE Trip Generation Manual, 10th* or most recent edition.
- **Critical Peak Hour:** List the critical peak hour for this land use and unit.
- **AM Peak Hour, PM Peak Hour, Weekend Peak Hour, and Daily Trip Rates:** These values are from the *ITE Trip Generation Manual, 10th* or most recent edition. Leave blank if rates are not available.

- AM Peak Hour, PM Peak Hour, Weekend Peak Hour, and Daily Trips: These values are calculated using the applicable trip rates and the estimated project units listed for this land use and unit. Leave blank if trips are not available.
- Total from additional tabulation sheet: If additional rows are needed in Section 2, an additional tabulation sheet can be attached.
- Total: Sum each trips column in Section 2, including totals from any additional tabulation sheets.

Section 3: Previously Approved TIA Worksheet/Report

Complete this section with information about any TIA worksheet or report that has been previously approved by the city.

- Project Name: If the previously approved TIA was a master plan, indicate that here.
- Preparer Company and Name
- Type: Select the type of TIA that was previously approved.
- Approved with: Select the stage of development that the previous TIA was approved at.

Section 4: Update to and Status of Land Use and Trip Information for Total Development with Approved TIA Worksheet/Report (All Subdivision Units)

Complete this section with information about all subdivision units or phases that were included in the previously approved TIA worksheet or report, including the unit or phase in the current TIA worksheet and application. If any subdivision units or phases have already been permitted or completed with different trips generated than what was included in the previously approved TIA worksheet or report, the actual trips generated are listed in Section 4 instead of the values from the previously approved TIA worksheet or report.

- Unit: List each subdivision unit or phase separately. If the unit (or land use) for the application was previously part of a larger unit or land use, list on a separate line.
- Land Use: This is from the *ITE Trip Generation Manual*, 10th or most recent edition.
- Status: Indicate the current approved status of each unit using the following codes:
 - PLAN = Zoning/Concept Plan/Detail Plan/Master Plan approved by planning commission and city council, if applicable
 - PP = Preliminary Plat approved by planning commission
 - FP = Final Plat approved by planning commission
 - P = Permit approved and issued by the city
 - C = Unit completed and accepted by the city
 - A = Unit with this application
- ITE Code, ITE Unit: These values are from the *ITE Trip Generation Manual*, 10th or most recent edition.
- Estimated Project Units: This is the value used to calculate the peak hour and daily trips from the information in the *ITE Trip Generation Manual*, 10th or most recent edition.
- Critical Peak Hour: List the critical peak hour for this land use and unit.

- AM Peak Hour, PM Peak Hour, Weekend Peak Hour, and Daily Trip Rates: These values are from the *ITE Trip Generation Manual*, 10th or most recent edition. Leave blank if rates are not available.
- AM Peak Hour, PM Peak Hour, Weekend Peak Hour, and Daily Trips: These values are calculated using the applicable trip rates and the estimated project units listed for this land use and unit. Leave blank if trips are not available.
- Total from additional tabulation sheet: If additional rows are needed in Section 4, an additional tabulation sheet can be attached.
- Total: Sum each column in Section 4, including totals from any additional tabulation sheets.

Section 5: Approved TIA Worksheet/Report Conformance

The information in this section is used to compare the totals for peak hour and daily trips in the previously approved TIA worksheet or report to the values calculated in this worksheet. This information is used to determine if a new TIA report is required.

- Approved development total AM Peak Hour, PM Peak Hour, Weekend Peak Hour, Daily Trips: List the values in each column from the previously approved TIA worksheet or report.
- Updated development total AM Peak Hour, PM Peak Hour, Weekend Peak Hour, Daily Trips: List the values in each column from the Total row in the table in Section 4 above.
- Difference in development total AM Peak Hour, PM Peak Hour, Weekend Peak Hour, Daily Trips: Calculate the difference between the approved and updated development totals for each column.
- New TIA Report Required: If there is an increase in peak hour trips over 100, then a new TIA report is required to be approved prior to permit approval.

Section 6: Required TIA Mitigation Measures

Complete this section with any TIA mitigation measures that are required by a previously approved TIA report. Indicate the unit when the mitigation measure is to be installed and the total peak hour trips (PHT) for the development that trigger the installation of each mitigation measure.

Review

City staff will review the TIA worksheet and determine if it acceptable, requires correction and if a TIA report is or not required. An accepted TIA worksheet is required prior to plat recordation or permit issuance.

Contact

Contact the City of New Braunfels Engineering Division with questions regarding this form or to schedule a TIA scoping meeting at 830-221-4020.

Appendix A: Sample Completed TIA Worksheet

****SAMPLE** CITY OF NEW BRAUNFELS TRAFFIC IMPACT ANALYSIS (TIA) WORKSHEET **SAMPLE****

Complete this worksheet as a requirement for zoning, master plan, plat and permit as specified in City of New Braunfels Code of Ordinances Sections 114-99 and 118-46.
 Note: The Code provides the minimum information for a TIA report and it is recommended that a scoping meeting be scheduled with the Engineering Division.

Section 1: General Information

Project Name: New Braunfels Subdivision Unit 4				Date: 01/15/2018			
Subdivision Plat Name: New Braunfels Subdivision				Project Address/Location: Landa Street and Walnut Avenue, New Braunfels			
Location? <input checked="" type="checkbox"/> City of New Braunfels <input type="checkbox"/> New Braunfels ETJ		<input checked="" type="checkbox"/> Comal County <input type="checkbox"/> Guadalupe County					
Owner Name: John Smith				Owner Email: smith@email.com			
Owner Address: 550 Landa Street, New Braunfels, TX 78130				Owner Phone: 830-221-4000			
Preparer Company: TIA Engineering & Company							
Preparer Name: Jane Johnson				Preparer Email: johnson@tia.com			
Preparer Address: 123 Consultant Road, New Braunfels, TX 78130				Preparer Phone: 830-221-4020			
TIA scoping meeting with City Engineering Division staff? (required for reports) <input checked="" type="checkbox"/> Yes. Date: 12/20/2017 <input type="checkbox"/> No.				TIA Worksheet/Report approved with previous zoning, plan, plat or permit? <input type="checkbox"/> No. Complete Page 1 only. <input checked="" type="checkbox"/> Yes. Complete Pages 1 and 2.			
Application Type or Reason for TIA Worksheet/Report							
<input type="checkbox"/> Zoning/Concept Plan/Detail Plan		<input type="checkbox"/> Master Plan		<input type="checkbox"/> Preliminary Plat		<input checked="" type="checkbox"/> Final Plat	
				<input type="checkbox"/> Permit		<input type="checkbox"/> Other	
TIA Submittal Type (A TIA Worksheet is required with all zoning, plan, plat and permit applications)							
<input type="checkbox"/> TIA Worksheet Only (100 peak hour trips or less)				<input type="checkbox"/> Level 1 TIA Report (101-500 peak hour trips)			
<input checked="" type="checkbox"/> TIA Worksheet Only – Previous TIA Report Approved				<input type="checkbox"/> Level 2 TIA Report (501-1,000 peak hour trips)			
<input type="checkbox"/> TIA Worksheet Only – Previous TIA Report not required (supporting documentation may be required)				<input type="checkbox"/> Level 3 TIA Report (1,001 or more peak hour trips)			

Section 2: Proposed Land Use and Trip Information for Application

Unit	Land Use	ITE Code ¹	ITE Unit ²	Est. Project Units	Critical Peak Hour	AM Peak Hour Rate	PM Peak Hour Rate	WKND Peak Hour Rate	Daily Trip Rate	AM Peak Hour Trips	PM Peak Hour Trips	WKND Peak Hour Trips	Daily Trips
4	Single Family Homes	210	DU	50	PM	0.75	1.00		9.52	38	50		476
<i>Total from additional tabulation sheet (if necessary):</i>										38	50		476
Total:										38	50		476
